📍 Bhopal, Madhya Pradesh

PROFESSIONAL SUMMARY

Frontend Web Developer with 4+ years of experience building scalable, high-performance web applications using React.js, JavaScript, Node.js, Flutter, REST APIs, and responsive UI development. Experienced in performance optimization, secure API integration, CI/CD automation, Agile/Scrum delivery, testing, technical documentation, and AI-assisted development. Delivered measurable improvements including 40% application performance gains and 50% reduction in manual deployment effort.

PROFESSIONAL EXPERIENCE

Frontend Developer

Cylsys Software Solution

01/2022 – 04/2026
Mumbai, Maharashtra

- Delivered scalable, responsive web applications with React.js, ASP.NET, and Node.js, using reusable UI components and REST API integrations.
- Implemented secure REST APIs and authentication workflows with JWT, encryption, and two-factor authentication (OTP and email verification).
- Improved application performance by 40% through UI and API optimization, reducing rendering overhead and improving user experience.
- Automated CI/CD deployments with GitHub Actions, reducing manual deployment effort by 50% and enabling repeatable release workflows.
- Validated REST APIs and resolved integration issues with Postman while managing project dependencies through NPM.
- Executed manual, functional, and regression testing and partnered with QA teams to resolve defects before release.
- Documented APIs, workflows, flowcharts, and system architecture to improve development handoffs and maintenance.

Frontend Developer

Remshare

07/2022 – 12/2023

React.js, REST APIs

- Delivered the React.js interface for a back-office management application used for operational workflows.
- Connected the React.js interface with REST APIs and validated frontend-backend workflows using Postman collections.
- Produced technical documentation and coordinated with developers and stakeholders to support feature delivery and testing.

Full Stack Developer

One View Project

01/2023 – 10/2025

ASP.NET, Flutter, Node.js

- Built the initial UI for an ASP.NET-based web application and supported ongoing interface enhancements.
- Supported migration from the web UI to Flutter, enabling cross-platform application delivery.
- Created reusable Flutter UI components and Node.js APIs for frontend-backend integration.
- Optimized mobile and web experiences with responsive layouts, usability improvements, and performance-focused UI implementation.

Frontend React Developer & Scrum Master

JMPro Muthoot Trading Web Application

05/2025 – 10/2025

React.js, Mobile Web

- Converted an existing React.js trading platform into a mobile-responsive web application aligned with client requirements.
- Redesigned mobile interfaces to improve navigation, usability, and performance across screen sizes.
- Facilitated daily stand-ups, sprint planning, sprint reviews, and retrospectives to keep sprint execution aligned with delivery goals.

- Coordinated Product Owners, developers, and QA teams, removed delivery impediments, and reinforced Agile practices.

Flutter Developer

10/2025 – 04/2026

Risk Dashboard Project

Flutter, AI-Assisted Development

- Delivered frontend modules for a Flutter-based risk dashboard application.
- Applied AI-assisted development tools to accelerate UI implementation and improve development productivity.
- Completed a major responsive UI module with cloud-integration support.
- Focused on clean UI architecture, component reusability, and performance optimization.

TECHNICAL SKILLS

Languages

JavaScript, HTML5, CSS3, SQL

Backend & APIs

Node.js, ASP.NET, RESTful APIs, JWT
Authentication, OAuth, Secure API Development, 2FA

DevOps & Tools

GitHub Actions, CI/CD Pipelines, NPM, Yarn,
Webpack, Postman, IIS Server

Agile

Agile, Scrum, Sprint Planning, Sprint Reviews,
Retrospectives, Scrum Ceremonies

Frontend

React.js, Flutter, Tailwind CSS, Bootstrap,
Responsive UI, Accessibility (WCAG), Cross-Browser
Compatibility

Databases

MySQL, Microsoft SQL Server (MSSQL)

Testing

Manual Testing, Functional Testing, Regression
Testing, Unit Testing, API Testing, Test Case
Preparation

AI Tools

Claude Code, GitHub Copilot, Gemini, Cursor,
ChatGPT

EDUCATION

Master of Computer Applications (MCA)

2019

Rajiv Gandhi Proudyogiki Vishwavidyalaya

Bachelor of Computer Applications (BCA)

2016

Makhanlal Chaturvedi University

CERTIFICATIONS

Certified Scrum Master (CSM)

Scrum Alliance Self Learning & Project Based

React.js Frontend Development Certification

Self Learning & Project Based
